

# DECOPIQ

PORTFOLIO

Decopiq arises from the passion for art and the need of expression through it.

We work day by day with love and dedication in the world of interior decoration from our workshop in Uruguay. We get inspired, we create and we have fun. Working like this, the result is always good!

We offer products such as paintings, murals and photographs by artist and architect Paula Piquet.

We always bet on creativity and avant-garde, accompanying the client throughout the process, with the aim of enriching their spaces with original and modern works of art.

We hope you enjoy our works as much as we do creating it!
